Overview and Eligibility

(1) Why is telemedicine being offered?

House Bill 69 was passed by the legislature on May 14, 2015 and signed into law by the Governor on July 7, 2015, which calls for services already covered by a health plan to be paid for if using telemedicine. Billing for telemedicine services can begin January 1, 2016.

(2) When is the telemedicine service benefit available?

Telemedicine is available under the State of Delaware's non-Medicare Health Plans effective January 1, 2016.

(3) Who is eligible to use the telemedicine service benefit?

Telemedicine is available to all members who are covered under a State of Delaware non-Medicare Health Plan.

(4) What telemedicine service benefits are covered under the State of Delaware non-Medicare (Aetna) health plans?

Teladoc

By using Teladoc, members can be connected to doctors online (virtual) 24/7/365 for acute care for minor illnesses and injuries when:

- Their primary care doctors' offices are closed;
- They are unable to get an appointment with their primary care doctor immediately; and/or
- They're away from home.

With Teladoc, the vendor assigns a doctor to the member; First available physician licensed in the state where the member is located. Teladoc physicians provide general medical care for members with minor health problems, such as bronchitis, coughs, sinus infections, sore throats, vomiting, diarrhea, fevers, pinkeye, skin rashes, flu, colds and headaches. Teladoc is not appropriate for emergencies, especially serious or life-threatening conditions.

Virtual Primary Care Provider Visit or Virtual Specialist Visit

Your doctor may elect to practice medicine via telemedicine. You must have an established relationship with the primary care provider or specialist. With Virtual Primary Care Provider Visits or Virtual Specialist Visits, you would be able to see your primary care provider or specialist for diagnosis and care by visiting with doctors via videoconferencing technology.

(5) Who are the Teladoc doctors?

Teladoc doctors are U.S. board certified in Internal Medicine, Family Practice or Pediatrics. They average 15 years practice experience, are licensed in the state you are located in at the time of the consultation, and incorporate Teladoc into their day-to-day practice as a way to provide people with convenient access to quality medical care. With Teladoc, the vendor assigns a doctor to the member. For example, if you contact Teladoc while in Delaware, you will be connected with a physician who is licensed in Delaware. Another example is, if you are in California and contact Teladoc, you will be connected with a physician who is licensed in California.

(6) What about member confidentiality when using telemedicine service benefits?

Telemedicine service benefits are subject to HIPAA confidentiality requirements as any other medical service.

(7) Is telemedicine a more affordable, convenient alternative to urgent care and emergency room visits?

Yes, telemedicine is an affordable, convenient alternative to urgent care and emergency room visits.

Member Out-of-Pocket Costs

(8) What are the member out-of-pocket costs for telemedicine service visits?

Teladoc

Teladoc consults (visits) are billed as “primary care visits.” View your specific health plan’s Summary of Benefits and Coverage (SBC) on SBO’s website at de.gov/statewidebenefits to learn about your out-of-pocket costs for “primary care visits.”

Virtual Primary Care Provider Visit or Virtual Specialist Visit

Visits are not always eligible for a prescription, as some restrictions may apply. If medically appropriate, all prescribing is at the discretion of the Teladoc physician according to the ability to evaluate the condition and clinical standards of care. A consult (visit) is not a guarantee of prescription. Please note: The State of Georgia has state regulations that prohibit telemedicine doctors from prescribing medication longer than three days.

When treating patients, Teladoc physicians cannot prescribe:

- Controlled substances (i.e., narcotics, anxiety medications, ADHD medications)
- Muscle relaxants
- Psychiatric prescriptions

(26) How do I pay for a prescription called in by Teladoc?

When you go to your pharmacy of choice to pick-up the prescription, you may use your prescription insurance card to help pay for the medication. You will be responsible for

the co-pay based on the type of medication and your plan benefits. For information on the State of Delaware prescription benefits and member out-of-pocket expenses, visit [SBO's website](#).
